

Modern New Build Villa in San Javier

Modern New Build Villa in San Javier This modern, new build villa has been built to a luxurious high standard throughout, and offers an open plan lounge/dining and kitchen area along with three good size bedrooms and three bathrooms. With a 150 sqm build size on a 534 sqm plot there's plenty of room for family and friends, plus, as an added bonus a private pool and garden area are included. There are four models to choose from, and currently there's only one of these particular models available but we are more than happy to provide details on all, if you wish. Features also include quadruple glazing, electric shutters, furnished kitchen (with hob, oven, microwave, washing machine, fridge and dishwasher), LED lighting throughout and ducted air conditioning.
