

Brand New Apartments in a Prime Hotspot

Brand New Apartments in a Prime Hotspot These brand new apartments, built by an established developer, are situated in a prime hotspot of San Pedro del Pinatar, close to all amenities, facilities and the shores of the Mar Menor. Built with your comfort and style in mind, each apartment will come with high quality fixtures and fittings including pre-installation for air conditioning and heating. You have a choice of two or three bedrooms with two bathrooms and build sizes ranging from 86-140 sqm. Depending on which floor you choose, you'll either have a garden or terrace, and on the penthouse level there is also a private solarium. Communal facilities include a large pool, landscaped garden areas, a playground, underground parking and storage areas. Prices from €209,900 - please contact us for further information.
